(b)(6)	ARSAG presentation	128 ARW	The briefing was resubmitted on April 16 and approved with comments: Information on slide 8 is incorrect. 12-05	9-Apr-12	17-Apr-12	Afghanistan Air Cargo Routing	Capt (b)(6)	Thesis	AFMC	Approved w/ comments. 1. Suggest removing screen shots on pages 24 and 93 that have disclaimers that read: Distribution Statement Distribution authorized to DoD and DoD Contractors only. 2. Throughout the thesis FOBs are identified showing trends in air cargo and traffic. This is illustrated on pages 56, 57 and 91. We feel this is an OPSEC issue and identifying each FOB with a letter instead of its name would serve the same purpose.

			We are not authorized to give approval for release; advised Mr (b)(6) that he would need to contact his higher HQ, as well as the local JIOWC chain of command, for final approval. We did send to ACC Dec 31 for review of the F-16 content, and they will return in 10 days or less. ACC provided a primer for a distro statement, but confirmed they could not provide approval for release. Mr (b)(6) worked the security review/approval for release through his chain of command.
